

Alma Helen & Clara,

Dec. 26

Jim & I have been having a
wonderful Christmas season. We
opened your gifts on Christmas Day -
and were thrilled with the surprises
and more than you want. I've never seen
such beautiful colors! I just love
the pink one for me - it's just the right
size and perfect for me. (It is my
favorite color too!) I also opened
the birthday gift - Jim said I
could! The necklace is exactly what
I wanted to wear with an outfit
I had already chosen for our trip
to New York City! How did you pick
out just the right things for us??

- I didn't get to mention this note the
other night as well sorry!!

We had such fun in New York - the
space at the Met was fabulous and we
enjoyed walking across Central Park in the
cold weather. When we got back to
Washington we got our first snow fall.

Joy to you
at this special season.

Hope you have some respite from your
already too cold & snowy Christmas, but
weather reports say there will be more
snow out there.

Thank you again for the lovely pink
sweater and necklace. I'm so lucky
to have such dear and thoughtful parents-
in-law! Love very special to me.

Love,
Pete
